## Apprenticeship

### Description

We are searching for a driven, enthusiastic apprentice to join our team. The apprentice's responsibilities include learning and developing practical skills, participating in classes, observing all health and safety codes, completing tests and assignments as required by the school. You should be well-organized, flexible, and willing to assist wherever possible.

To be successful as an apprentice, you must have great time management skills and be willing to fit into the existing staff structure. Outstanding apprentices are those who respond well to criticism, build good relationships with colleagues, and ultimately make a lasting impression.

### Responsibilities

- Assisting within the relevant department, but also learning about other aspects of the company.
- Observing health and safety procedures.
- Positively receiving feedback.
- Building professional relationships with colleagues and clients.

### Qualifications

- High school diploma or GED.
- Driver's license recommended.
- Good physical strength and hand-eye coordination may be required.
- Good time management, critical, and interpersonal skills.
- Excellent problem-solving and troubleshooting abilities.
- An eagerness to learn how this organization operates on a day-to-day basis.

### Hiring organization

M.R. Neel Plumbing & Heating

### Employment Type

Full-time

### Job Location

1400 Kings Highway, 08035,  
Haddon Heights, New Jersey, USA

### Date posted
